

Dr. Miles' Heart Cure

Cures a Prominent Attorney.

M. R. C. PHILIPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 80. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Back on the heart and lungs, the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

MERRITT IS PLEASED

Found Troops In Excellent Condition on His Tour of Inspection.

WOULDN'T TALK OF THE MAINE

Secretary Long Has No Word From the Court of Inquiry—Old War Monitors Ordered Put In Readiness For Service—Condition of Concentration—Naval Officer Talks.

New York, March 4.—General Wesley Merritt has returned from a tour of inspection of the southern fortifications in the department of the east. Probably within a week he will start for Key West.

General Merritt was especially interested in the work now going on in the New York arsenal. During the past few days hundreds of 8, 10, 12 and 13-inch projectiles have been shipped from the arsenal to Fort Proble, Me. Speaking of his tour, General Merritt said:

"I am pleased to say that I found the troops in excellent condition. The men were all the picture of health and the regulations of the service working perfectly. I first went to Fort McPensacola at Atlanta. Then we went down to Fort Barrancas and Pensacola. From there we journeyed to New Orleans, where I stopped over two days to inspect Jackson barracks. I did not go to Fort St. Phillip, for the reason that none of my troops are garrisoned there. "I may have a few suggestions for the improvement of some of the posts I visited, but I do not care to discuss that just now. I have nothing to say on the subject of the Maine disaster more than that it was lamentable and deplorable in the extreme."

OLD WAR MONITORS.

They are Ordered Placed In Condition For Service.

Washington, March 4.—Secretary Long said last evening at the close of office hours that no word had been received from the court of inquiry and that no orders had been, or would be given as to the movements of the court from Key West, as the court was fully authorized to shape its own movements. The original orders to the court were issued by Admiral Sigsbee, as commander of the fleet to which the Maine belonged, and it has the technical status of an admiral's court, reporting directly to him, both as to its movements and as to its final report on the cause of the disaster. The understanding here is that the court has not concluded its

LIEUTENANT COMMANDER POTTER.

work, but will return to Havana to take testimony which has been delayed by the difficulties in the way of the divers. The only telegram relating to the Maine disaster that came to the navy department during the day, was the following from Commander Forsyth at Key West:

Boat arrived. Bought one body and

THE NEW WAY.

WOMEN used to think "female diseases" could only be treated after "local examinations" by physicians. Dread of such treatment kept thousands of modest women silent about their suffering. The introduction of Wine of Cardui has not demonstrated that nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, pure

Wine of Cardui

takes in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures any disease that comes under the head of "female troubles"—disordered menses, falling of the womb, "whites," change of life. It makes women beautiful by making them well. It keeps them young by keeping them healthy. \$1.00 at the drug store.

For advice in cases requiring special directions, address, giving symptoms, the "Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn. W. L. Addison, M. D., Cary, Miss., says: "I use Wine of Cardui extensively in my practice and find it most excellent preparation for female troubles."

identified, and Paul Loftus, private marine; Jeremiah Shea, coal passer; John Heffner, ordinary seaman; Thomas J. Waters, ordinary seaman, wounded, from Tortugas. The wounded will be sent to the army hospital. The funeral of the body has started for the cemetery.

THE OLD WAR MONITORS.

In the course of the inquiry into the naval resources of the United States, an order has been issued to make a test of the machinery of the old war monitors at the League Island navyyard. These are single-turreted craft that are armed with big smooth bore guns in turrets that could likely be pierced by the modern high powered rifles of the battleships, but they would still be of service in an emergency.

There are eight of these monitors at League Island and the government owns several others. Those at League Island are the following: Canonicus, Mahabac, Mahattan, Catskill, Jason, Lehigh, Montauk and Nahant.

They are all between 1,800 and 2,100 tons displacement and draw very little water so they can take up advantageous positions on shoals commanding channel approaches. The intention is to overhaul the old engines and work the machinery that is made to turn the turrets, if it can be made to work at all.

During the course of the day similar inquiries to that made by the Japanese legation, as to the number of her subjects aboard the Maine, came to the navy department from the German and Swedish legations, and it is expected that others will follow. Nearly every nationality was represented in the Maine's big crew.

Rush Orders at Portsmouth Navyyard. Portsmouth, N. H., March 4.—Orders have been received at the navyyard to make the outfit for the United States ship Lancaster with the quickest possible dispatch. It is expected that the Machias and Essex will be made ready for service at the Portsmouth yard at once.

SUFFERING IN CUBA.

W. W. Howard, Clara Barton's Assistant, Describes the Reconcentration.

New York, March 4.—W. W. Howard of this city returned from Cuba on the steamship Vigilance. "I was in Armenia with Clara Barton of the Red Cross society," said Mr. Howard, "but nowhere in Armenia did I see such suffering and famine as I have witnessed in Cuba among the pacificos and reconcentrados. Men, women and children are so emaciated from privation that their ribs and bones almost come through their shrunken skins. If ever people needed relief it is those wretched reconcentrados."

"The insurgents are well dressed, well armed, well housed and well groomed—indeed, they are sleek and live easy lives. Cuba has been laid waste. Outside the towns one rarely sees a building, for the reason that all buildings in the country have been razed or burned. Grass and weeds grow where only the highest cultivation existed."

Mr. Howard said that he was on the wharf at Havana when the Maine blew up. He heard two explosions, a dull one followed by a louder one, which shook the ground and nearly stunned him.

J. J. Murphy, another passenger on the Vigilance, said: "I am positive that there were two explosions. The first one was somewhat muffled, but the second was stunning in its loudness."

AT HAVANA.

Naval Officer Forgets Himself In Talking of the Maine.

Havana, March 4.—A naval officer here yesterday in reply to a suggestion that it was a pity such an important decision as the verdict of the court of inquiry into the Maine explosion should rest solely upon the testimony of divers, who seemed men of only average intelligence, replied:

"The court of inquiry has not had to depend upon divers' testimony alone," then, realizing that he had said more than he intended, the officer resumed his habitual reserve. It is believed that the testimony of Lieutenant Commander Waterwright was highly important as bearing on the question of the existence of submarine mines.

RELIEF FOR CUBANS.

New York, March 4.—The steamship Bergen of the Munson Line, sailing for southern ports today carried the following relief supplies to be distributed among the suffering Cubans through Consul Brice at Matanzas and Barker at Sagua La Grande: One hundred and sixty-two cases of milk, 200 barrels of rice, 125 bags of beans, 14,000 pounds of codfish, 12,000 pounds of bacon, 407 bags of cornmeal, 25 barrels of lard, 600 bags of quinine. All purchased by the relief committee. The same steamer will also carry a miscellaneous stock of goods in the shape of food and clothing, the donations of outside committees, aggregating about 100 tons in all.

TRANSPORTATION OF GUNS.

Cincinnati, March 4.—Southern railway lines here last evening received inquiries from Washington for rates for the transportation of nine 8-inch guns to Fort Morgan near Mobile.

BORDA'S ASSASSIN.

His Cell Filled With Flowers and Delicacies by Ladies.

New York, March 4.—Granville Stewart, until recently United States minister to Uruguay and Paraguay, who was with the president of Uruguay, Juan Borda, when the latter was assassinated, has arrived here on the steamship Alliance from Colon. "Arrando, the young man who shot Borda, is still in jail," said Mr. Stewart. "The people seem to be largely in his favor. The women fill his cell with flowers and give him delicacies. His situation, however, is critical."

"Should the Borda partisans elect their candidate as president it will go hard with him, but if they are defeated, it is believed he will be liberated. Although Borda was liked personally, his political measures were unpopular."

NEWS FROM ALASKA

Report of Raising British Flag on American Soil Confirmed.

WILL RESIST PAYMENT OF DUTY

Complications Feared With Tramway Officials—Boundary Line Changed Three Times Since Last Summer—Hundreds of People Leave Skagway and Dyea—Trails Good.

Seattle, Wash., March 4.—Five steamers have just arrived from Alaska. The Utopia, Hennece, Del Norte, Protection and Queen. The Queen brought the latest news, having left Skagway last Sunday. The most important news brought down was a confirmation of previous reports that a Canadian official has raised the British flag on what is regarded as American soil and trouble at Skagway with longshoremen who objected to Indians unloading freight from steamers. The presence of United States troops alone prevented serious trouble. A compromise was made with the white men to perform the work at 50 cents per hour.

It is feared that serious trouble will grow out of the Canadians' attempt to collect duty on the summit of the White pass and Chilkoot pass and the Americans will resist the payment on what they consider American ground.

Another complication will result from the various tramways which are being constructed to carry freight over the passes. The officials of these tramways are reported to have declared that any interruption of their construction work or any attempt to exercise any right of ownership will be resisted.

It is thought at Dyea and Skagway that the movements of the American authorities will be to claim sovereignty over those two places. Last summer the boundary line was at Lake Bennett, then at Lindermann and now at the summit of the mountains, which is only about 25 miles from saltwater.

Two days before the Queen left Skagway the wind, which had blown from the north continuously for seven weeks, shifted and began to blow from the southwest, causing a general thaw to set in. The change in the weather caused hundreds of people, who had been detained by the severe cold, to start over the trails from both Skagway and Dyea, and when the steamer left a general exodus from towns was taking place. Both trails are reported in excellent condition.

On the trip down the Queen passed the Cottage City a short distance south of Wrangell narrows. The latter ship evidently had had trouble, as her bow was smashed in and covered with canvas to keep out the water.

The ship Lucille, bearing the government party, is slowly wending her way northward in tow of the tug Monarch. She was spoken by the Queen near Kennedy island and reported all well on board.

COMMISSIONER HERRY SAYS IT IS SO.

Vancouver, B. C., March 4.—Commissioner A. B. Perry of the northwest mounted police, who returned from Lake Bennett last night, said: "I was present when the British flag was hoisted at Summit Lake. The police are collecting duties there. Summit Lake is Canadian territory and is not even disputed by the United States government."

HER HUSBAND APPEARED.

Breach of Promise Suit Suddenly Comes to an End.

Cleveland, March 4.—Before Justice Disette in the common pleas court yesterday the case of Mrs. Margaret I. Johnson against William Hendy for \$20,000 damages for breach of promise of marriage was called. In 1874 Mrs. Johnson married Jacob Cusler at St. Catharines, Ont. He deserted her the day after the wedding and later she heard he was dead. She came to this city and married Johnson, living with him 19 years. Then she obtained a divorce. Subsequently she says William Hendy asked her to marry him. Yesterday as the attorneys were taking their places Jacob Cusler, now a resident of Pittsburgh, walked into the room. The case was at once dismissed.

SWINDLER ARRESTED.

Louisville, March 4.—William P. Leaville was arrested last night by United States authorities from Cincinnati, on a charge of using the mails to defraud. He is said to have operated with about 15 others in the swindle. He divided his time between Indianapolis, Cincinnati and this city.

JUDGE PEARSON DEAD.

Holyoke, Mass., March 4.—Judge W. B. C. Pearson is dead at his home, aged 50 years. He was a brother of Dr. D. K. Pearson, the Chicago millionaire and philanthropist.

WIRE WHISPERS.

American cotton valued at \$10,000, has been burned in the dock sheds at Kobe, Japan.

Judge Chase Vanderburg, for 10 years justice of the Minnesota supreme court, is dead.

Over 100 stovered at Muskegon, Mich., have struck for an increase of pay from 15 to 20 cents an hour.

United States treasury statement shows available cash balance, \$225,582,705; gold reserve, \$167,947,537.

Judge John Newton Henren, the last treasurer of the southern confederacy, is critically ill at Staunton, Va.

Six men were badly injured, one perhaps fatally, by the explosion of a keg of powder in a mine near Dubois, Pa.

COFFEE AND SILVER.

Their Low Prices In Salvador May Soon Cause a Revolution.

New York, March 4.—"The low price of coffee, and also of silver, may cause a revolution in the republic of Salvador soon," said Charles Gray of Bloomington, Ill., who has been living in that country for the last two years and who arrived here on the steamship Alliance from Colon.

"Coffee in Salvador is selling for 14 pesos per 100, where formerly it brought 30 pesos. This owing to overproduction and to the increase of the Brazilian output. The legislation aimed against silver has sent the price of that metal down, and Salvador, being a silver using country, feels the demoralization keenly. For all their imports the Salvadorians must pay heavily, while they are getting little for their coffee."

"This condition they ascribe to their existing government. They blame President Guiteras a great deal. Guiteras is honest, but weak, and there are mutterings of overthrowing him."

MAYOR GOOD OUSTED.

Judge Adams of Springfield Issues the Decree.

Springfield, O., March 4.—The circuit court has issued a decree ousting Mayor John M. Good from office. The proceedings were brought under the Garfield election law which requires candidates after the election to file sworn statements of all their expenditures. Judge Adams said the testimony showed that Mayor Good spent \$283.50 in the campaign which he failed to include in his sworn statement of expenses and which included only \$15.00. Of the above amount \$91 was spent for beer. Mayor Good also promised the trades and labor assembly to appoint a union man on the board of public affairs which is against the law and that organization backed the ouster proceedings. Mayor Good is one of the most prominent business men in Springfield. This was his first experience in politics. Mayor Good was formerly a prohibitionist, but was elected as the Democratic candidate.

SCHOONER CAPSIZED.

Nine Persons Out of Thirteen on Board Drowned.

Key West, March 4.—The schooner Speedwell, Captain Collier, from Marco, Fla., for Key West, was struck by a squall yesterday, while off Marquesas, 18 miles from here, and capsized. Nine persons were drowned out of 13 on board.

Among the victims were the three children of Captain Collier, aged respectively four, six and eight, and the entire Nichols family, Bradley Nichols and his wife, their son and the latter's wife and two grandchildren. The family was from Bridgeport, Conn.

Those saved are Captain Collier, Samuel Cates and Jesse Green, deck hands, and R. W. Bate, of Myers, Fla., a passenger.

The Nichols family is said to have been left to do. All had been staying for a month or two at a small hotel kept by Captain Collier at Marco, and they were on their way home.

NERVE LEFT HIM.

Man and Woman Attempt Suicide—Later Is Dead.

Cleveland, March 4.—Frank Bochner rushed up to a couple of policemen late yesterday and informed them that he had attempted to suicide at the Lake Shore house. He was but partially dressed and was trembling violently. He said that a Mrs. Stabe and he had agreed to die together. She took carbolic acid and he swallowed morphine; that they then retired after turning on the gas. Then he said his nerve failed him and he fled. The officers visited the hotel and found the woman dead. Bochner was locked up.

KENTUCKY VIGILANTS.

Determined to Rid the Vicinity of Pack of Thieves and Idiots.

Paducah, Ky., March 4.—Numerous burglaries in this locality have aroused the people. A stringent idlers' ordinance has been adopted and put in force. A strong vigilance committee is also at work, and eight negroes and three white men were caught and all whipped. One negro, in his haste to depart, fell from a moving train and was injured. He was thrown on and carried away. The committee promises to clear the town before disbanding.

SHOT HIS BROTHER.

The Murderer Then Sent a Bullet Into His Own Brain.

Cordele, Ga., March 4.—Shep Wood, a prominent young farmer living near here, yesterday shot and killed his brother, Thomas Wood. Seeing the result of the deed, he turned the revolver on himself and sent a bullet through his own head, killing himself instantly. The brothers had quarreled over business matters.

WILL FIGHT FOR AN APPEAL.

Cincinnati, March 4.—Receiver David Armstrong of the defunct Fidelity National bank announces that he will fight in the United States court of appeals a petition for an appeal to the United States supreme court in the case which he lost to the Chemical National bank of New York and which involved \$300,000.

WANTS \$20,000 FOR AN ARM.

Warsaw, Ind., March 4.—Andrew Pollock has sued A. A. Charles of Kokomo and W. J. Jackson of this city for \$20,000 for the loss of an arm on July 4. He was firing a cannon at Lakeside park for the defendants.

\$30,000 IN PURSES.

Columbus, O., March 4.—The directors of the Columbus Driving Park association last night decided to hang up \$30,000 in purses for the grand circuit races to be given here Aug. 1 to 5 inclusive.

ACCIDENTALLY SHOT

Aged William Stickler Killed at a Shooting Match.

A LENGTHY RECONSTRANCE

Death of Sister Francis at Indianapolis. Alleged That Young America Saloon Mob Will Resist Arrest—Losing Faith In Nickum—Blaze at Staunton—Stoltz Estate.

Pendleton, Ind., March 4.—At a shooting match five miles southeast of Pendleton, William Stickler, aged 63 years, a farmer living near Markleville, was accidentally shot and killed by a neighbor named Cooper. The ball passed through the body just above the hips. He only lived 15 minutes.

DEATH OF SISTER FRANCIS.

Miss Delia Keefe Passes Away at St. Joseph's Academy.

Indianapolis, March 4.—Sister Frances, known in the world as Miss Delia Keefe, daughter of John Keefe, of Kentland, died yesterday at St. Joseph's Academy. The immediate cause of death was blood-poisoning. She had been ill for many days, and recovery had been hoped for.

Miss Keefe was widely known in the Catholic church. Her family is influential, and her relatives and friends are numerous. After a course at Lafayette college, she was graduated in '93 at St. Mary's college, and soon afterward renounced the world and entered the order of the Sisters of Providence, of which she was a member at the time of her death.

ARE ORGANIZED.

Citizens of Young America, It Is Said, Will Resist Arrest.

Young America, Ind., March 4.—A prominent citizen here says that should an attempt be made to arrest the parties who demolished W. F. Nace's saloon in January last, the officers would be resisted and serious trouble would follow. Should an attempt be made to arrest one of the mob, a signal will be given and those who took part in the affair will assemble and resist the process of the court.

DIAMOND IS DEAD.

Wallace's Big Elephant Succumbs to Heart Disease.

Pera, Ind., March 4.—Diamond, the monster elephant belonging to the great Wallace show, is dead from heart disease. He was but a few inches smaller than the famous Jumbo and weighed over four tons. Diamond was purchased by Mr. Wallace over 14 years ago when he was but 7 years old and was valued at \$10,000.

LENGTHY RECONSTRANCE.

Valparaiso, Ind., March 4.—Frank Johnson published a notice that he would make application to the commissioners for a license to sell liquor at Boone Grove, near here. The citizens circulated a remonstrance, which was filed with the county auditor. It is four feet in length and contains nearly two-thirds of the voters in the township.

PRESBYTERIAN HOME MISSIONS' WORK.

Indianapolis, March 4.—On next Sunday Governor Mount will go to New York, where he will meet the home missions committee of the Presbyterian church, of which he is a member, next Tuesday. The meeting is for the purpose of formulating a plan for mission work to be reported to the general assembly in May.

MRS. STOLTZ'S ESTATE.

Portland, Ind., March 4.—The total estate of Mrs. Stoltz, who was murdered here a couple of weeks ago, amounts to \$30,000, nearly half of which is in a local bank on deposit. The bulk of this sum will go to Charles Miller of this county and Catherine Owen of Cincinnati, who are the heirs-at-law.

SAWMILL MAN INJURED.

English, Ind., March 4.—Elijah Robinson, 55 years old, had both legs broken yesterday by a sawlog rolling off a wagon and striking him. Mr. Robinson is one of the best known sawmill men in southern Indiana and a substantial citizen of Crawford county.

LOSING FAITH IN NICKUM.

Logansport, Ind., March 4.—S. B. Nickum, the alleged inventor of the perpetual light, is keeping quiet. He refuses to talk for publication and the public is losing faith in his promise to exhibit the wonderful illuminant.

BLAZE AT STAUNTON.

Staunton, Ind., March 4.—The general merchandising stock and building belonging to J. N. VanCleave here was destroyed by fire, causing a loss of over \$9,000. Amount of insurance is unknown.

ADVANCING PRICES.

Wire Nail Trade Makes a Rise of From 5 to 10 Cents a Keg.

Milwaukee, March 4.—A material advance in the price of wire nails goes into effect this month, as the result of the recent consolidation of the wire nail interests. The advance announced is 5 cents per keg on 30-penny to 60-penny nails. The price of these nails per keg has hitherto been \$1.65. There will be an advance of 7 cents per keg on common 3-penny shingle nails, sold hitherto at \$2.10 per keg. The greatest advance will be upon 2-penny smooth-finish nails, the price of which will be raised from \$2.80 to \$2.90 per keg.

GENUINE FREAK.

Baby Born at Louisville With a Foot For a Hand.

Louisville, March 4.—Mrs. Edward Graft, living in this city, is the mother of a three-months-old girl baby that is a genuine freak, and is attracting widespread attention. The left hand of the infant is not a hand at all, but a perfect foot. The muscles perform all the functions of the muscles of a foot, and the heel is tough and naturally formed. Dr. Edward Herzer, who has been attending the mother, says it is his opinion that the child will grow to womanhood with one hand and three feet.

A MILD MANNERED PIRATE.

An Ex-Clerk Who Joined the Fierce Sea Rovers of the Spanish Main.

"The Buccaneers of Our Coast" is the title of a series of narrative sketches that Frank R. Stockton is writing for St. Nicholas. In speaking of John Esquemeling, who joined the buccaners and became their historian, Mr. Stockton says:

It must have been a strange thing for a man accustomed to pens and ink, to yardsticks and scales, to offer to enroll himself in a company of bloody, big bearded pirates, but a man must eat, and buccanering was the only profession open to our ex-clerk. For some reason or other, certainly not on account of his bravery and daring, Esquemeling was very well received by the pirates of Tortuga. Perhaps they liked him because he was a mild mannered man and so different from themselves.

As for Esquemeling himself, he soon came to entertain the highest opinions of his pirate companions. He looked upon the buccaners who had distinguished themselves as great heroes, and it must have been extremely gratifying to those savage fellows to tell Esquemeling all the wonderful things they had done. Esquemeling might have earned a salary as a listener.

It was not long before his intense admiration of the buccaners and their performances began to produce in him the feeling that these great exploits should not be lost to the world, and so he set about writing their lives and adventures. He remained with the pirates for several years and during that time worked very industriously getting together material for his history. When he returned to his own country in 1672, he there completed a book which he called "The Buccaneers of America; or, The True Account of the Most Remarkable Assaults Committed of Late Years Upon the Coasts of the West Indies by the Buccaneers, etc. By John Esquemeling, One of the Buccaneers, Who Was Present at Those Tragedies."

From this title it is probable that in the capacity of reporter our literary pirate accompanied his comrades on their various voyages and assaults, and although he states he was present at many of "those tragedies" he makes no reference to any deeds of valor or cruelty performed by himself, which shows him to have been a wonderfully conscientious historian. There are persons, however, who doubt his impartiality, because, as he

A REDUCTION ALL ALONG THE LINE.

The success that we have met with by reducing the price of our cabinet photographs to one dollar per dozen, has determined us to continue for thirty or sixty days longer, making cabinets on glossy paper equal in style, finish and durability to those made by other photographers at a much higher price.

We have also determined to make the platinum or dead finish cabinet photos (by some called carbonettes) at \$2.00 to \$2.50 per dozen and guaranteed them to be equal to any made in Seymour at \$3.50 to \$4.00 per dozen.

Don't be deceived by the cry of cheap materials and work, for we all use the same kind of printing paper, and tone in the same kind of gold and platinum baths. Wash our prints in the same kind of water and card and burnish them in the same way. We desire to call attention to our new velvet glass cabinets at \$1.50 per dozen that by many are preferred to the higher priced platinum. We invite you to call and examine our work and then if you desire to pay higher prices for no better work, it is your privilege to do so.

RAILROAD RUMBLINGS
A large number of employees on the Wabash lines have been warned that they are visiting saloons too frequently, and that if they wish to remain in the employ of the company the practice must be stopped at once.

Traffic officials of the roads in the corn belt say that they never before have had so large an amount of corn to move. The amount, they say, is apparently limitless. The only great trouble in the matter is that the rates are so badly demoralized that there is comparatively little profit in the business.

Charles Dahlenburg, boss weaver of the Woolen Mill, and who was prostrated two years ago with apoplexy, has taken a change for the better.

The Funeral

Of Philip Laugel this afternoon was one of the most largely attended ever seen in Seymour. E. W. Bush acted as marshal and he fully understands his calling. The pall bearers consisted of three Masons and three Odd Fellows. The floral offerings were numerous and of fine quality. The procession moved to the St. Paul's Protestant church and so large was the audience that not one-third of them could get in.

The services at the residence and church were very impressive. The procession then moved to the Riverview cemetery with the Masons in the advance and when they concluded their services they retired when the Odd Fellows' exercises followed. The exercises of both orders were very impressive and touching.

CHURCH NOTES.

Rev. W. J. Stewart, formerly of this city, but now a resident of Birdseye, has had a remarkable revival at Boston on the Air Line. Forty-two have united with the church and the entire country is stirred on account of the revival.

The meetings in charge of Rev. J. L. Schroyer at Rockford are still in progress. Mrs. Mills is assisting him in the services. Large crowds are in attendance to hear Miss Mills in her able and forcible presentation of gospel truth. Thirty have professed religion thus far.

Evangelist McKee preached to a crowded house last night at the Presbyterian church on "Christ Before Pilate." It made a deep impression on his hearers, and a number were brought under conviction by the truth. Service today at 2:30 and again at 7:30. Mr. McKee will also preach on Sunday both morning and evening. In the afternoon of Sunday, there will be a service for men only at 3:30. The subject discussed will be "The Mysteries of Life."

Economical Road Improvement.

A tribute to the superior cheapness of good roads, even when made of dirt, was paid by Capt. Browne, one of the delegates to the Virginia Good Roads convention. In the course of some remarks Capt. Browne said:

"The question of good roads comes home to me with great force, for I have in Northampton county good dirt roads to haul over, and in another county bad dirt roads. I put four carts, each one with a mule to it, on the scales, and the loads which were hauled over the Northampton roads averaged 2466 pounds; in the other county 800 pounds is the universal load in delivering produce. In Northampton the tax for road purposes is ten cents on the \$100 and in the other county, where the roads are bad, it is twenty cents on \$100 worth of property. This difference is owing to the adoption of improved methods, which reduce cost and give much advantage."

Capt. Browne said the road equipment in his county consisted of one road grader, plows, carts, hand implements, six mules and one superintendent for the entire county. Last year the superintendent began work the middle of April and closed the last of September and with a sufficient number of men to handle the equipment at hand constructed seventeen and half miles of good road at a cost of \$55,17 a mile. Capt. Browne says that by the purchase of just a little more equipment and a further expenditure of \$40 a month for labor he could have built twice the amount of road and at a cost per mile much less than the above. He says the farmers are very much pleased with the plan, which is worthy of consideration by the people of Indiana.

The Floods Last Year.

On the night of March 4th one year ago, the extraordinary rainfall occurred which flooded this whole section of the country. From Friday morning March 5th until the next Monday night no trains passed through Seymour, and there was no communication with the outside world except by telegraph. It was a temporary return to the time when there was no railway mail service and the people felt it keenly.

On Saturday afternoon the Republican published some special telegrams concerning the floods which were the first news that had come in since Friday morning.

On Sunday afternoon Frank Gates went to North Vernon and secured a package of Saturday morning's Courier Journals. Although they were nearly thirty-six hours old they sold for ten cents each as fast as they could be handed out.

The Pennsylvania was the first road to run a through train and on Monday night the first regular mail came in from the north about three hours late. The B. & O. S. W. suffered more severely and it was about a week before it was able to run a through train. The E. & W. was completely disabled and not until the reorganization of the company as the Southern Indiana was traffic resumed.

Advertising has advantages over the ordinary salesman in obtaining an interview. It can usually get inside the prospective buyer's office door and upon his desk. It can usually reach a vanishing point which the flesh and blood salesman wildly covets, that of getting face to face with a customer. What it does with this opportunity depends upon its character, and this includes its writing and printing. In these days of competition and advertising it has to be pretty good if it keeps out of the waste basket. It has to be glib of tongue and handsome to do its work even after it has secured an audience.—Ad Topics.

A REDUCTION ALL ALONG THE LINE.

The success that we have met with by reducing the price of our cabinet photographs to one dollar per dozen, has determined us to continue for thirty or sixty days longer, making cabinets on glossy paper equal in style, finish and durability to those made by other photographers at a much higher price.

We have also determined to make the platinum or dead finish cabinet photos (by some called carbonettes) at \$2.00 to \$2.50 per dozen and guarantee them to be equal to any made in Seymour at \$3.50 to \$4.00 per dozen.

Don't be deceived by the cry of cheap materials and work, for we all use the same kind of printout paper, and tone in the same kind of gold and artist platinum bath. Wash our prints in the same kind of water and card and burnish them in the same way. We desire to call attention to our new velvet glass cabinets at \$1.50 per dozen that by many are preferred to the higher priced platinum. We invite you to call and examine our work and then if you desire to pay higher prices for no better work, it is your privilege to do so.

RAILROAD RUMBLINGS

A large number of employees on the Wabash lines have been warned that they are visiting saloons too frequently, and that if they wish to remain in the employ of the company the practice must be stopped at once.

Traffic officials of the roads in the corn belt say that they never before have had so large an amount of corn to move. The amount, they say, is apparently limitless. The only great trouble in the matter is that the rates are so badly demoralized that there is comparatively little profit in the business.

Charles Dahlenburg, boss weaver of the Woolen Mill, and who was prostrated two years ago with apoplexy, has taken a change for the better.

The Funeral

Of Philip Laugel this afternoon was one of the most largely attended ever seen in Seymour. E. W. Bush acted as marshal and he fully understands his calling. The pall bearers consisted of three Masons and three Odd Fellows. The floral offerings were numerous and of fine quality. The procession moved to the St. Paul's Protestant church and so large was the audience that not one-third of them could get in.

The services at the residence and church were very impressive. The procession then moved to the Riverview cemetery with the Masons in the advance and when they concluded their services they retired when the Odd Fellows' exercises followed. The exercises of both orders were very impressive and touching.

CHURCH NOTES.

Rev. W. J. Stewart, formerly of this city, but now a resident of Birdseye, has had a remarkable revival at Boston on the Air Line. Forty-two have united with the church and the entire country is stirred on account of the revival.

The meetings in charge of Rev. J. L. Schroyer at Rockford are still in progress. Mrs. Mills is assisting him in the services. Large crowds are in attendance to hear Miss Mills in her able and forcible presentation of gospel truth. Thirty have professed religion thus far.

Evangelist McKee preached to a crowded house last night at the Presbyterian church on "Christ Before Pilate." It made a deep impression on his hearers, and a number were brought under conviction by the truth. Service today at 2:30 and again at 7:30. Mr. McKee will also preach on Sunday both morning and evening. In the afternoon of Sunday, there will be a service for men only at 3:30. The subject discussed will be "The Mysteries of Life."

Economical Road Improvement.

A tribute to the superior cheapness of good roads, even when made of dirt, was paid by Capt. Browne, one of the delegates to the Virginia Good Roads convention. In the course of some remarks Capt. Browne said:

"The question of good roads comes home to me with great force, for I have in Northampton county good dirt roads to haul over, and in another county bad dirt roads. I put four carts, each one with a mule to it, on the scales, and the loads which were hauled over the Northampton roads averaged 2466 pounds; in the other county, 800 pounds is the universal load in delivering produce. In Northampton the tax for road purposes is ten cents on the \$100 and in the other country, where the roads are bad, it is twenty cents on \$100 worth of property. This difference is owing to the adoption of improved methods, which reduce cost and give much advantage."

Capt. Browne said the road equipment in his county consisted of one road grader, plows, carts, hand implements, six mules and one superintendent for the entire county. Last year the superintendent began work the middle of April and closed the last of September and with a sufficient number of men to handle the equipment at hand constructed seventeen and half miles of good road at a cost of \$55.17 a mile. Capt. Browne says that by the purchase of just a little more equipment and a further expenditure of \$10 a month for labor he could have built twice the amount of road and at a cost per mile much less than the above. He says the farmers are very much pleased with the plan, which is worthy of consideration by the people of Indiana.

The Floods Last Year.

On the night of March 4th one year ago, the extraordinary rainfall occurred which flooded this whole section of the country. From Friday morning March 3th until the next Monday night no trains passed through Seymour, and there was no communication with the outside world except by telegraph. It was a temporary return to the time when there was no railway mail service and the people felt it keenly.

On Saturday afternoon the REPUBLICAN published some special telegrams concerning the floods which were the first news that had come in since Friday morning.

On Sunday afternoon Frank Gates went to North Vernon and secured a package of Saturday morning's Courier Journals. Although they were nearly thirty-six hours old they sold for ten cents each as fast as they could be handed out.

The Pennsylvania was the first road to run a through train and on Monday night the first regular mail came in from the north about three hours late. The B. & O. S. W. suffered more severely and it was about a week before it was able to run a through train. The E. & R. was completely disabled and not until the reorganization of the company as the Southern Indiana was traffic resumed.

Advertising has advantages over the ordinary salesman in obtaining an interview. It can usually get inside the prospective buyer's office door and upon his desk. It can usually reach a van- a - a point which the flesh and blood salesman wildly covets, that of getting face to face with a customer. What it does with this opportunity depends upon its character, and this includes its writing and printing. In these days of competition and advertising it has to be pretty good if it keeps out of the waste basket. It has to be glib of tongue and handsome to do its work even after it has secured an audience.—Ad Topics.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out and nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at W. F. Peter's drug store.

State Health.

The quarterly bulletin of the state board of health which will be issued this week, will show that there were 6,172 marriages in the state during the quarter. Two brides and three bridegrooms were over eighty years old. Within the three months there were 7,776 births. The number of deaths reported is 3,959, an increase of seventy over the corresponding quarter last year.

There were 3,727 cases of contagious diseases reported during the quarter.

Pulmonary consumption, as usual, leads all the contagious diseases. Except from Indianapolis, the state board has no knowledge of any efforts to control this disease.

Where American Magazines Go.

The wide range of the circulations of American magazines and the manner in which they penetrate the farthest points of the earth found new evidence last week, when a single list of five hundred subscriptions to the Ladies' Home Journal was received by that Magazine from Bulgaria, the list being headed by the name of Her Royal Highness, Princess Maria Louise. George K. Neal, the Siberian traveler, said that he found this magazine in homes on the steppes of Siberia, while Peary met with it in Greenland. It is an interesting fact that the Ladies' Home Journal has subscriptions in fifty-nine of the sixty-five generally accepted civilized nations of the earth.

Food, undigested, is poison.

Food, undigested, is poison. Digestion is life and strength. Millions of us suffer from indigestion, but we often do not know it. We think it is something else. Even doctors often mistake the symptoms.

Pale, thin people, who are overworked who need strength, who seem in want of proper food, should take Shaker Digestive Cordial. It is astonishing what food will do, when properly digested.

It will make you strong, revive you, refresh you, sustain you, make you fat, restore your color, make muscle, brain, nerve, courage, endurance, energy, increase your power to throw off disease and keep you healthy and happy.

Indigestion does just the opposite, but indigestion can be cured and prevented with Shaker Digestive Cordial.

At drugists. Trial bottle 10 cents.

STUBBS WAS TOUCHED.

And He Gave Up His Fare to the Man Who Touched Him.

Stubbs is really not very absent-minded, but when he is riding on a street car he makes it a point not to look at the conductor. It often saves car fare, for there is something about Stubbs that makes him lucky enough to be overlooked two cases in ten when he boards a loaded car.

One morning he was absorbed in his paper, and when he felt a touch on his arm he mechanically passed out his nickel and went on with his reading. Later the conductor stood beside him and murmured, "Fare, please," but received no attention. Stubbs had paid his fare. Then the abominable nuisance of a conductor seized him by the shoulder and held out his hand, saying sternly, "Fare, please."

"I paid you before," said Stubbs as affably as he could.

"No, you did not. Come, pass out your fare."

"Man, I paid my fare when you were around before," and Stubbs thought for an adjective he might use when there were ladies about. "You—yes—infernal—idiot, you are drunk or asleep, for when you touched me on the arm I passed out a nickel, and you must have taken it, for it was the only one I had," fumbling in his change pocket.

With a red face the conductor rang the bell to stop the car, roaring, "You will have to pay your fare or get off the car," in a tone that startled every one. "I did not get your nickel, and you know it."

At that minute the man who had nudged Stubbs to move over in the seat he had occupied with him dropped off the car and walked the other block to his office.

The next time Stubbs rode in a crowded car he gently touched the arm of an acquaintance and got even for the 5 cents he had lost and for the chagrin he had suffered.—Chicago News.

Watches are adjusted to heat and cold by being allowed to stand first in a room heated with dry heat to 120 degrees and then in cold storage, being regulated after each treatment.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from care less local treatment of other diseases.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the word, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours, sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, is soon realized. If you need any medicine you should have the best. At drugists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention the Republican and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its punctuality of this offer.

Small Pill. Small Dose. Small Price.

Don't.

That is what Perry S. Heath, First Assistant Postmaster General says to the people. He has sent out orders to postmasters to post up in their offices the following notice:

"Don't mail your letters or valuable packages without having your own address written or printed in the left hand corner. (Give the street number and postal station in large cities.) T. S. will insure its return to you if not delivered and will prevent its being sent and opened at the dead letter office."

It would be very easy for all to follow this advice of the Assistant Postmaster General if they would call at the Republican office and get printed return envelopes ranging in price from \$1.50 to \$3.00 a thousand. Printed return envelopes will save lots of trouble, and when such envelopes cost so little all should avail themselves of the opportunity to get them. We can also furnish letter heads, note heads, statements, and bill heads for busy business men, of various grades at reasonable prices. Call and see us and see our stock.

Household Gods.

The ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of today is Dr. King's New Discovery. For consumption, coughs, colds and for all affections of Throat, Chest and Lungs it is valuable. It has been tried for a quarter of a century and is guaranteed to cure or money refunded. No household should be without this good angel. It is pleasant to take a safe and sure remedy for old and young. Free trial bottles at W. F. Peter's drug store. Regular size 50c and \$1.00.

THE MAN TOLD, and Yet the Professor Was Not Satisfied.

Professor B—, who conducts the clinic of nervous diseases at — Medical college of Chicago, is himself a very nervous and easily irritated man. Recently at the close of a long clinic, when teacher and students were well tired out, the assistant rushed in and asked to have exhibited a very interesting case which had just arrived.

"Well, be quick about it," said the doctor, and he proceeded to emphasize some previous remarks concerning the influence of occupation upon nervous conditions, which point he proposed to illustrate in the case to be presented.

The patient, an awkward Swede, having been hustled into a chair, was now confronted by Professor B—, with the admonition to be brief and accurate in his replies, as time was limited.

"Now, sir, what do you do?" he commenced.

"Aw am not vera well."

"No. I say, what do you do?"

"Oh, yas! Aw verk."

"Yes, I know. But what kind of work?"

"Oh, eet es hard verk."

"Yes, but do you shovel" (illustrating with gesture) "or drive a car or work at a machine, or do?"

"Oh, yas! Aw verk at a masheen."

"Ah! What kind of a machine?"

"Oh, eet es a big masheen!"

By this time the students were grinning broadly and whispering pleasantly, all of which caused the professor to redder and break into a volley at the poor Swede.

"Now look here, sir! I want no more of this. You answer the questions I ask you or go home. What do you make on this machine?"

A ray of intelligence lit up the face of the Swede and, with a confident smile, he said: "Oh, now aw understan yo! Yo' vant to know vat aw mak' on the masheen, een't eet?"

"Yes, sir, that is it. What do you make?"

"Aw mak' 17 cents an hour." And he and the class were dismissed.—Harper's Magazine.

Dr. Miles' Heart Cure

Cures a Prominent Attorney.

M. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as much as that of an old man. I constantly was an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

MERRITT IS PLEASED

Found Troops in Excellent Condition on His Tour of Inspection.

WOULDN'T TALK OF THE MAINE

Secretary Long Has No Word From the Court of Inquiry—Old War Monitors Ordered Put in Readiness for Service—Condition of Concentration—Naval Officer Talks.

New York, March 4.—General Wesley Merritt has returned from a tour of inspection of the southern fortifications in the department of the east. Probably within a week he will start for Key West.

General Merritt was especially interested in the work now going on in the New York arsenal. During the past few days hundreds of 8, 10, 12 and 13-inch projectiles have been shipped from the arsenal to Fort Proble, Me. Speaking of his tour, General Merritt said:

"I am pleased to say that I found the troops in excellent condition. The men were all the picture of health and the regulations of the service working perfectly. I first went to Fort McPherson at Atlanta. Then we went down to Fort Barrancas and Pensacola. From there we journeyed to New Orleans, where I stopped over two days to inspect Jackson barracks. I did not go to Fort St. Philip, for the reason that none of my troops are garrisoned there. "I may have a few suggestions for the improvement of some of the posts I visited, but I do not care to discuss that just now. I have nothing to say on the subject of the Maine disaster more than that it was lamentable and deplorable in the extreme."

OLD WAR MONITORS.

They are Ordered Placed in Condition for Service.

Washington, March 4.—Secretary Long said last evening at the close of office hours that no word had been received from the court of inquiry and that no orders had been, or would be given as to the movements of the court from Key West, as the court was fully authorized to shape its own movements. The original orders to the court were issued by Admiral Sigsbee, as commander of the fleet to which the Maine belonged, and it has the technical status of an admiral's court, reporting directly to him, both as to its movements and as to its final report on the cause of the disaster. The understanding here is that the court has not concluded its

LIEUTENANT COMMANDER POTTER. [Of Maine Court of Inquiry.]

work, but will return to Havana to take testimony which has been delayed by the difficulties in the way of the divers. The only telegram relating to the Maine disaster that came to the navy department during the day, was the following from Commander Forsyth at Key West:

Rehe arrived. Bought one body suit.

THE NEW WAY.

WOMEN used to think "female diseases" could only be treated after "local examinations" by physicians. Dread of such treatment kept thousands of modest women silent about their suffering. The introduction of Wine of Cardui

Wine of Cardui has now demonstrated that nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, pure

Wine of Cardui

takes in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures any disease that comes under the head of "female troubles"—disordered menses, falling of the womb, "whites," change of life. It makes women beautiful by making them well. It keeps them young by keeping them healthy. \$1.00 at the drug store.

For advice in cases requiring special directions, address, giving symptoms, the "Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

W. L. ADDISON, M. D., Cary, Miss., says: "I use Wine of Cardui extensively in my practice and find it a most excellent preparation for female troubles."

identical, and Paul Loftus, private marine; Jeremiah Shea, coal passer; John Heffner, ordinary seaman; Thomas J. Waters, ordinary seaman, wounded, from Tortugas. The wounded will be sent to the army hospital. The funeral of the body has started for the cemetery.

THE OLD WAR MONITORS.

In the course of the inquiry into the naval resources of the United States, an order has been issued to make a test of the machinery of the old war monitors at the League Island navyyard. These are single-turreted craft that are armed with big smooth bore guns in turrets that could likely be pierced by the modern high powered rifles of the battleships, but they would still be of service in an emergency.

There are eight of these monitors at League Island and the government owns several others. Those at League Island are the following: Canonicus, Mahabac, Mahatan, Catskill, Jason, Lehigh, Montauk and Nahant. They are all between 1,800 and 2,100 tons displacement and draw very little water so they can take up advantageous positions on shoals commanding channel approaches. The intention is to overhaul the old engines and work the machinery that is made to turn the turrets, if it can be made to work at all.

During the course of the day similar inquiries to that made by the Japanese legation, as to the number of her subjects aboard the Maine, came to the navy department from the German and Swedish legations, and it is expected that others will follow. Nearly every nationality was represented in the Maine's big crew.

Rush Orders at Portsmouth Navyyard.

Portsmouth, N. H., March 4.—Orders have been received at the navyyard to make the outfit for the United States ship Lancaster with the quickest possible dispatch. It is expected that the Machias and Essex will be made ready for service at the Portsmouth yard at once.

SUFFERING IN CUBA.

W. W. Howard, Clara Barton's Assistant, Describes the Reconcentration.

New York, March 4.—W. W. Howard of this city returned from Cuba on the steamship Vigilant. "I was in Armenia with Clara Barton of the Red Cross society," said Mr. Howard, "but nowhere in Armenia did I see such suffering and famine as I have witnessed in Cuba among the pacificos and reconcentrados. Men, women and children are so emaciated from privation that their ribs and bones almost come through their shriveled skins. If ever people needed relief it is those wretched reconcentrados."

"The insurgents are well dressed, well armed, well horsed and well groomed—indeed, they are sleek and live easy lives. Cuba has been laid waste. Outside the towns one rarely sees a building, for the reason that all buildings in the country have been razed or burned. Grass and weeds grow where only the highest cultivation existed."

Mr. Howard said that he was on the wharf at Havana when the Maine blew up. He heard two explosions, a dull one followed by a louder one, which shook the ground and nearly stunned him.

J. J. Murphy, another passenger on the Vigilant, said: "I am positive that there were two explosions. The first one was somewhat muffled, but the second was stunning in its loudness."

AT HAVANA.

Naval Officer Forgets Himself in Talking of the Maine.

Havana, March 4.—A naval officer here yesterday in reply to a suggestion that it was a pity such an important decision as the verdict of the court of inquiry into the Maine explosion should rest solely upon the testimony of divers, who seemed men of only average intelligence, replied:

"The court of inquiry has not had to depend upon divers' testimony alone," then, realizing that he had said more than he intended, the officer resumed his habitual reserve. It is believed that the testimony of Lieutenant Commander Wainwright was highly important as bearing on the question of the existence of submarine mines.

Relief For Cubans.

New York, March 4.—The steamship Bergen of the Munson line, sailing for southern ports today carried the following relief supplies to be distributed among the suffering Cubans through Consuls Brice at Matanzas and Barker at Sagua La Grande: One hundred and sixty-two cases of milk, 200 barrels of rice, 125 bags of beans, 14,000 pounds of codfish, 12,000 pounds of bacon, 401 bags of cornmeal, 25 tierces of lard, 600 grains of quinine. All purchased by the relief committee. The same steamer will also carry a miscellaneous stock of goods in the shape of food and clothing, the donations of outside committees, aggregating about 100 tons in all.

Transportation of Guns.

Cincinnati, March 4.—Southern railway lines here last evening received inquiries from Washington for rates for the transportation of nine 8-inch guns to Fort Morgan near Mobile.

BORDA'S ASSASSIN.

His Cell Filled With Flowers and Delicacies by Ladies.

New York, March 4.—Granville Stewart, until recently United States minister to Uruguay and Paragua, who was with the president of Uruguay, Juan Borda, when the latter was assassinated, has arrived here on the steamship Alliance from Colon. "Arrando, the young man who shot Borda, is still in jail," said Mr. Stewart. "The people seem to be largely in his favor. The women fill his cell with flowers and give him delicacies. His situation, however, is critical."

"Should the Borda partisans elect their candidate as president it will go hard with him, but if they are defeated, it is believed he will be liberated. Although Borda was liked personally, his political measures were unpopular."

NEWS FROM ALASKA

Report of Raising British Flag on American Soil Confirmed.

WILL RESIST PAYMENT OF DUTY

Complications Feared With Tramway Officials—Boundary Line Changed Three Times Since Last Summer—Hundreds of People Leave Skagway and Dyea—Trails Go.

Seattle, Wash., March 4.—Five steamers have just arrived from Alaska. The Utopia, Hueneme, Del Norte, Protection and Queen. The Queen brought the latest news, having left Skagway last Sunday. The most important news brought down was a confirmation of previous reports that a Canadian official has raised the British flag on what is regarded as American soil and trouble at Skagway with longshoremen who objected to Indians unloading freight from steamers. The presence of United States troops alone prevented serious trouble. A compromise was made with the white men to perform the work at 50 cents per hour.

It is feared that serious trouble will grow out of the Canadians' attempt to collect duty on the summit of the White pass and Chilkoot pass and the Americans will resist the payment on what they consider American ground. Another complication will result from the various tramways which are being constructed to carry freight over the passes. The officials of these tramways are reported to have declared that any interruption of their construction work or any attempt to exercise any right of ownership will be resisted.

It is thought at Dyea and Skagway that the movements of the American authorities will be to claim sovereignty over those two places. Last summer the boundary line was at Lake Bennett, then at Lindermann and now at the summit of the mountains, which is only about 25 miles from saltwater.

Two days before the Queen left Skagway the wind, which had blown from the north continuously for seven weeks, shifted and began to blow from the southwest, causing a general thaw to set in. The change in the weather caused hundreds of people, who had been detained by the severe cold, to start over the trails from both Skagway and Dyea, and when the steamer left a general exodus from towns was taking place. Both trails are reported in excellent condition.

On the trip down the Queen passed the Cottage City a short distance south of Wrangell narrows. The latter ship evidently had had trouble, as her bow was smashed in and covered with canvas to keep out the water. The ship Lucille, bearing the government party, is slowly wending her way northward in tow of the tug Monarch. She was spoken by the Queen near Kennedy island and reported all well on board.

Commissioner Berry Says It Is So. Vancouver, B. C., March 4.—Commissioner A. R. Berry of the northwest mounted police, who returned from Lake Bennett last night, said: "I was present when the British flag was hoisted at Summit Lake. The police are collecting duties there. Summit Lake is Canadian territory and is not even disputed by the United States government."

HER HUSBAND APPEARED.

Breach of Promise Suit Suddenly Comes to an End.

Cleveland, March 4.—Before Justice Disette in the common pleas court yesterday the case of Mrs. Margaret I. Johnson against William Hendy for \$20,000 damages for breach of promise of marriage was called. In 1874 Mrs. Johnson married Jacob Cusler at St. Catharines, Ont. He deserted her the day after the wedding and later she heard he was dead. She came to this city and married Johnson, living with him 19 years. Then she obtained a divorce. Subsequently she says William Hendy asked her to marry him. Yesterday as the attorneys were taking their places Jacob Cusler, now a resident of Pittsburgh, walked into the room. The case was at once dismissed.

Swindler Arrested.

Louisville, March 4.—William P. Leaville was arrested last night by United States authorities from Cincinnati, on a charge of using the mails to defraud. He is said to have operated with about 15 others in the swindle. He divided his time between Indianapolis, Cincinnati and this city.

Judge Pearson Dead.

Holyoke, Mass., March 4.—Judge W. B. C. Pearson is dead at his home, aged 50 years. He was a brother of Dr. D. K. Pearson, the Chicago millionaire and philanthropist.

WIRE WHISPERS.

American cotton valued at \$10,000 has been burned in the docksheds at Kobe, Japan.

Judge Chase Vanderburg, for 10 years justice of the Minnesota supreme court, is dead.

Over 100 stoves at Muskegon, Mich., have struck for an increase of pay from 15 to 20 cents an hour.

United States treasury statement shows available cash balance, \$235,582,795; gold reserve, \$167,947,557.

Judge John Newton Henren, the last treasurer of the southern confederacy, is critically ill at Staunton, Va.

Six men were badly injured, one perhaps fatally, by the explosion of a keg of powder in a mine near Dubois, Pa.

At the Sunnyside sale of fine cattle at Emporia, Kan., 150 animals were disposed of at an average of \$432 per head.

One thousand colored militiamen of South Carolina have tendered the governor their services in case of trouble with Spain.

COFFEE AND SILVER.

Their Low Prices in Salvador May Soon Cause a Revolution.

New York, March 4.—"The low price of coffee, and also of silver, may cause a revolution in the republic of Salvador soon," said Charles Gray of Bloomington, Ill., who has been living in that country for the last two years and who arrived here on the steamship Alliance from Colon.

"Coffee in Salvador is selling for 14 pesos per 100, where formerly it brought 30 pesos. This owing to overproduction and to the increase of the Brazilian output. The legislation aimed against silver has sent the price of that metal down, and Salvador, being a silver using country, feels the demonetization keenly. For all their imports the Salvadorians must pay heavily, while they are getting little for their coffee."

"This condition they ascribe to their existing government. They blame President Guiteras a great deal. Guiteras is honest, but weak, and there are mutterings of overthrowing him."

MAYOR GOOD OUSTED.

Judge Adams of Springfield Issues the Decree.

Springfield, O., March 4.—The circuit court has issued a decree ousting Mayor John M. Good from office. The proceedings were brought under the Garfield election law which requires candidates after the election to file sworn statements of all their expenditures.

Judge Adams said the testimony showed that Mayor Good spent \$283.50 in the campaign which he failed to include in his sworn statement of expenses and which included only \$15.00. Of the above amount \$91 was spent for beer. Mayor Good also promised the trades and labor assembly to appoint a union man on the board of public affairs which is against the law and that organization backed the ouster proceedings. Mayor Good is one of the most prominent business men in Springfield. This was his first experience in politics. Mayor Good was formerly a prohibitionist, but was elected as the Democratic candidate.

SCHOONER CAPSIZED.

Nine Persons Out of Thirteen on Board Drowned.

Speedwell, Captain Collier, from Marco, Fla., for Key West, was struck by a squall yesterday, while off Marquesas, 15 miles from here, and capsized. Nine persons were drowned out of 13 on board.

Among the victims were the three children of Captain Collier, aged respectively four, six and eight, and the entire Nichols family, Bradley Nichols and his wife, their son and the latter's wife and two grandchildren. The family was from Bridgeport, Conn.

Those saved are Captain Collier, Samuel Cates and Jesse Green, deck hands, and R. W. Bate, of Myers, Fla., a passenger. The Nichols family is said to have been well-to-do. All had been staying for a month or two at a small hotel kept by Captain Collier at Marco, and they were on their way home.

NERVE LEFT HIM.

Man and Woman Attempt Suicide—Later Is Dead.

Cleveland, March 4.—Frank Boecher rushed up to a couple of policemen late yesterday and informed them that he had attempted to suicide at the Lake Shore house. He was but partially dressed and was trembling violently. He said that a Mrs. Stabe and he had agreed to die together. She took carbolic acid and he swallowed morphine; that they then retired after turning on the gas. Then he said his nerve failed him and he fled. The officers visited the hotel and found the woman dead. Boecher was locked up.

KENTUCKY VIGILANTS.

Determined to Rid the Vicinity of Paducah of Thieves and Idiots.

Paducah, Ky., March 4.—Numerous burglaries in this locality have aroused the people. A stringent idlers' ordinance has been adopted and put in force. A strong vigilance committee is also at work, and eight negroes and three white men were caught and all whipped, two severely and forced to leave. One negro, in his haste to depart, fell from a moving train and was injured. He was thrown on and carried away. The committee promises to clear the town before disbanding.

SHOT HIS BROTHER.

The Murderer Then Sent a Bullet Into His Own Brain.

Cordele, Ga., March 4.—Shep Wood, a prominent young farmer living near here, yesterday shot and killed his brother, Thomas Wood. Seeing the result of the deed, he turned the revolver on himself and sent a bullet through his own head, killing himself instantly. The brothers had quarreled over business matters.

WHI FIGHT FOR AN APPEAL.

Cincinnati, March 4.—Receiver David Armstrong of the defunct Fidelity National bank announces that he will fight in the United States court of appeals a petition for an appeal to the United States supreme court in the case which he lost to the Chemical National bank of New York and which involved \$200,000.

Wants \$20,000 For an Arm.

Warsaw, Ind., March 4.—Andrew Pollock has sued A. A. Charles of Kokomo and W. J. Jackson of this city for \$20,000 for the loss of an arm on July 4. He was firing a cannon at Lakeside park for the defendants.

\$30,000 In Purse.

Columbus, O., March 4.—The directors of the Columbus Driving Park association last night decided to hang up \$30,000 in purses for the grand circuit races to be given here Aug. 1 to 5 inclusive.

ACCIDENTALLY SHOT

Aged William Stickler Killed at a Shooting Match.

A LENGTHY REMONSTRANCE

Death of Sister Francis at Indianapolis. Alleged That Young America Saloon Mob Will Resist Arrest—Losing Faith in Nickum—Blaze at Staunton—Stolz Estate.

Pendleton, Ind., March 4.—At a shooting match five miles southeast of Pendleton, William Stickler, aged 63 years, a farmer living near Markleville, was accidentally shot and killed by a neighbor named Cooper. The ball passed through the body just above the hips. He only lived 15 minutes.

DEATH OF SISTER FRANCIS.

Miss Delia Keefe Passes Away at St. Joseph's Academy.

Indianapolis, March 4.—Sister Frances, known in the world as Miss Delia Keefe, daughter of John Keefe, of Kentland, died yesterday at St. Joseph's Academy. The immediate cause of death was blood-poisoning. She had been ill for many days, and recovery had been hoped for.

Miss Keefe was widely known in the Catholic church. Her family is influential, and her relatives and friends are numerous. After a course at Lafayette college, and soon afterward renounced the world and entered the order of the Sisters of Providence, of which she was a member at the time of her death.

ARE ORGANIZED.

Citizens of Young America, It Is Said, Will Resist Arrest.

Young America, Ind., March 4.—A prominent citizen here says that should an attempt be made to arrest the parties who demolished W. F. Nace's saloon in January last, the officers would be resisted and serious trouble would follow. Should an attempt be made to arrest one of the mob, a signal will be given and those who took part in the affair will assemble and resist the process of the court.

DIAMOND IS DEAD.

Wallace's Big Elephant Succumbs to Heart Disease.

Peru, Ind., March 4.—Diamond, the monster elephant belonging to the great Wallace show, is dead from heart disease. He was but a few inches smaller than the famous Jumbo and weighed over four tons. Diamond was purchased by Mr. Wallace over 14 years ago when he was but 7 years old and was valued at \$10,000.

Lengthy Remonstrance.

Valparaiso, Ind., March 4.—Frank Johnson published a notice that he would make application to the commissioners for a license to sell liquor at Boone Grove, near here. The citizens circulated a remonstrance, which was filed with the county auditor. It is four feet in length and contains nearly two-thirds of the voters in the township.

Presbyterian Home Missions' Work

Indianapolis, March 4.—On next Sunday Governor Mount will go to New York, where he will meet the home missions committee of the Presbyterian church, of which he is a member, next Tuesday. The meeting is for the purpose of formulating a plan for mission work to be reported to the general assembly in May.

Mrs. Stolz's Estate.

Portland, Ind., March 4.—The total estate of Mrs. Stolz, who was murdered here a couple of weeks ago, amounts to \$20,000, nearly half of which is in a local bank on deposit. The bulk of this sum will go to Charles Miller of this county and Catherine Owen of Cincinnati, who are the heirs-at-law.

Sawmill Man Injured.

English, Ind., March 4.—Elijah Roberson, 55 years old, had both legs broken yesterday by a sawlog rolling off a wagon and striking him. Mr. Roberson is one of the best known sawmill men in southern Indiana and a substantial citizen of Crawford county.

Losing Faith in Nickum.

Logansport, Ind., March 4.—S. B. Nickum, the alleged inventor of the perpetual light, is keeping quiet. He refuses to talk for publication and the public is losing faith in his promise to exhibit the wonderful illuminant.

Blaze at Staunton.

Staunton, Ind., March 4.—The general merchandising stock and building belonging to J. N. VanCleave here was destroyed by fire, causing a loss of over \$9,000. Amount of insurance is unknown.

ALPHA GOX, Seymour, Ind.

A REDUCTION ALL ALONG THE LINE.

The success that we have met with by reducing the price of our cabinet photographs to one dollar per dozen, has determined us to continue for thirty or sixty days longer, making cabinets on glossy paper equal in style, finish and durability to those made by other photographers at a much higher price.

We have also determined to make the platinum or dead finish cabinet photos (by some called carbonettes) at \$2.00 to \$2.50 per dozen and guaranteed them to be equal to any made in Seymour at \$3.50 to \$4.00 per dozen.

Don't be deceived by the cry of cheap materials and work, for we use all the same kind of printout paper, and tone in the same kind of gold and aristocratic platinum baths. Wash our prints in the same kind of water and card and burnish them in the same way. We desire to call attention to our new velvet glass cabinets at \$1.50 per dozen that by many are preferred to the higher priced platinum. We invite you to call and examine our work and then if you desire to pay higher prices for no better work, it is your privilege to do so.

RAILROAD RUMBLINGS

A large number of employees on the Wabash lines have been warned that they are visiting saloons too frequently, and that if they wish to remain in the employ of the company the practice must be stopped at once.

Traffic officials of the roads in the corn belt say that they never before have had so large an amount of corn to move. The amount, they say, is apparently limitless. The only great trouble in the matter is that the rates are so badly demoralized that there is comparatively little profit in the business.

The Funeral

Of Philip Laugel this afternoon was one of the most largely attended ever seen in Seymour. E. W. Bush acted as marshal and he fully understands his calling. The pall bearers consisted of three Masons and three Odd Fellows. The floral offerings were numerous and of fine quality. The procession moved to the St. Paul's Protestant church and so large was the audience that not one-third of them could get in.

The services at the residence and church were very impressive. The procession then moved to the Riverview cemetery with the Masons in the advance and when they concluded their services they retired when the Odd Fellows' exercises followed. The exercises of both orders were very impressive and touching.

CHURCH NOTES.

Rev. W. J. Stewart, formerly of this city, but now a resident of Birdseye, has had a remarkable revival at Boston on the Air Line. Forty-two have united with the church and the entire country is stirred on account of the revival.

The meetings in charge of Rev. J. L. Schroyer at Rockford are still in progress. Mrs. Mills is assisting him in the services. Large crowds are in attendance to hear Miss Mills in her able and forcible presentation of gospel truth. Thirty have professed religion thus far.

Evangelist McKee preached to a crowded house last night at the Presbyterian church on "Christ Before Pilate." It made a deep impression on his hearers, and a number were brought under conviction by the truth. Service today at 2:30 and again at 7:30. Mr. McKee will also preach on Sunday both morning and evening. In the afternoon of Sunday, there will be a service for men only at 3:30. The subject discussed will be "The Mysteries of Life."

Economical Road Improvement.

A tribute to the superior cheapness of good roads, even when made of dirt, was paid by Capt. Browne, one of the delegates to the Virginia Good Roads convention. In the course of some remarks Capt. Browne said:

"The question of good roads comes home to me with great force, for I have in Northampton county good dirt roads to haul over, and in another county bad dirt roads. I put four carts, each one with a mule to it, on the scales, and the loads which were hauled over the Northampton roads averaged 2466 pounds; in the other county, 800 pounds is the universal load in delivering produce. In Northampton the tax for road purposes is ten cents on the \$100 and in the other country, where the roads are bad, it is twenty cents on \$100 worth of property. This difference is owing to the adoption of improved methods, which reduce cost and give much advantage."

Capt. Browne said the road equipment in his county consisted of one road grader, plows, carts, hand implements, six mules and one superintendent for the entire county. Last year the superintendent began work the middle of April and closed the last of September and with a sufficient number of men to handle the equipment at hand constructed seventeen and half miles of good road at a cost of \$55.17 a mile. Capt. Browne says that by the purchase of just a little more equipment and a further expenditure of \$10 a month for labor he could have built twice the amount of road and at a cost per mile much less than the above. He says the farmers are very much pleased with the plan, which is worthy of consideration by the people of Indiana.

The Floods Last Year.

On the night of March 4th one year ago, the extraordinary rainfall occurred which flooded this whole section of the country. From Friday morning March 3rd until the next Monday night no trains passed through Seymour, and there was no communication with the outside world except by telegraph. It was a temporary return to the time when there was no railway mail service and the people felt it keenly.

On Saturday afternoon the REPUBLICAN published some special telegrams concerning the floods which were the first news that had come in since Friday morning.

On Sunday afternoon Frank Gates went to North Vernon and secured a package of Saturday morning's Courier Journals. Although they were nearly thirty-six hours old they sold for ten cents each as fast as they could be handed out.

The Pennsylvania was the first road to run a through train and on Monday night the first regular mail came in from the north about three hours late. The B. & O. S. W. suffered more severely and it was about a week before it was able to run a through train. The E. & R. was completely disabled and not until the reorganization of the company as the Southern Indiana was traffic resumed.

Advertising has advantages over the ordinary salesman in obtaining an interview. It can usually get inside the prospective buyer's office door and upon his desk. It can usually reach a vantage point which the flesh and blood salesman wildly covets, that of getting face to face with a customer. What it does with this opportunity depends upon its character, and this includes its writing and printing. In these days of competition and advertising it has to be pretty good if it keeps out of the waste basket. It has to be of good tone and handsome to do its work even after it has secured an audience.—Ad Topics.
